Practice Areas: US Migration Trends | Migration Policy for Local Economic Development and Planning | Regional, Municipal, and School District Population Projections | US Census Data Analysis | Workforce Demographics | Research Design | Expert Testimony | Keynote Presentations

Selected Clients: A Better Connecticut | Cubit Planning | GLG | Connecticut Department of Education | FannieMae | St. Alban's Episcopal Church | Boston University School of Public Health | Rand | Indianapolis Public Transportation

Professor | Department of Geography | University of Connecticut | 1994-2020

- Published ~100 peer-reviewed journal articles in leading international social science journals (Complete List in [Google Scholar](#))
- Research Excellence Award | American Association of Geographers
- U.S. Fulbright Scholar | University of Groningen (Netherlands)
- Visiting Professor at University of St. Andrews, Queen's University (Belfast), and University of Amsterdam
- Editor | Urban Geography
- Article in The Conversation - [Why Americans Are Staying Put, Instead of Moving to a New City or State](#) - has over 100,000 views
- Frequently quoted in media such as the New York Times, CNN, Boston Globe, Wall Street Journal, and Hartford Courant

Director | Connecticut State Data Center | University of Connecticut | 2009-2011

The Connecticut State Data Center serves as the lead organization in the US Census Bureau's State Data Center Program and is Connecticut's official source for census data.

- Supervised three staff members and coordinated the Center's strategic direction with a dozen affiliated faculty and the university administration
- Initiated, negotiated, and administered the Center's transition from an academic to a library center
- Secured transitional funding from the Connecticut Office of Policy and Management
- Responded to citizen, government, and media inquiries regarding Census programs and data

Director | Urban Studies Program | University of Connecticut | 1994-2001 | 2004-2007

An interdisciplinary undergraduate major focused on urbanization, urban affairs, and urban planning.

- Launched and led Urban Studies as the first stand-alone degree program at the University's regional campus in Hartford
- The program has grown to 100+ majors as a feature of the UConn-Hartford Campus
- Subsequently appointed as Coordinator of Urban Studies at the main campus (Storrs) to address a low number of majors (~3) and revitalized it into a sustainable program with ~40 majors in three years

Research Associate | The Polis Center | 1992-1994

The Polis Center at IUPUI in Indianapolis works with partners to define, measure, and actively improve community health, well-being, and resiliency.

- Supported demographic research projects
- Developed new consulting opportunities for state and local government and social service organizations
- Initiated the development of SAVI, now the nation's largest and most comprehensive community information system

Other Experience

- Instructor and Teaching Assistant | Department of Geography | Indiana University
- Soviet Patent Journal Transliterator | Battelle Institute

Education

Indiana University | Ph.D. | 1993 | Geography with Concentrations in Demography and Economics

Indiana University | M.A. | 1988 | Geography with Concentrations in Planning Methods

The Ohio State University | B.A. | 1986 | Geography with Concentrations in Soviet and Russian Studies
